

## Games **Innovation** Fund

**Innovation** means a new idea.

An exciting opportunity for South Australian game makers.

The SAFC has funding to develop outstanding, original and creative games!

### What is Gaming?

Gaming is entertainment by playing electronic games, using consoles, computers, mobile phones, virtual reality and more!

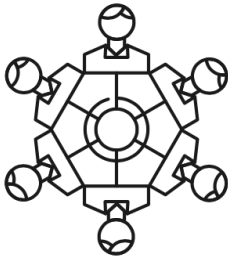

Games are played by people of all ages, gender, disabled and non-disabled.

One player can play games

or games can be played as a group activity.

**Game developers** and **designers** are people that are very good at maths, computer, or creative arts skills.

**Game designers** are responsible for the designs and layout of the game.

**Game developers** turn those designs into a product.

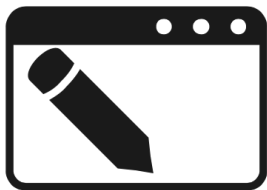

**Gamers** are people who play games.

## What does the Games Innovation funding support?

- Games intended for public release with global audiences
- Serious games
- Educational games
- Narrative and non-narrative format games
- Free-to-play and premium games
